

The Bridge—Volume 130

CITY OF ROCKFORD

MAYOR'S MESSAGE

In June, our City Council lost a dedicated council member and longtime resident, Jeannette Graner, due to her family moving to another city. We wish Jeannette and her family all the best! This resulted in an open council seat which needed to be filled until the next election in 2018. After publishing the vacancy, accepting applications, completing a thorough review and interview process of the individuals who applied for the position, the City Council selected Scott Seymour in August to fill the position. Congratulations Scott!

Construction of Dollar General is well under way up at the Rockford Mall and moving fast. Within a few months we anticipate Dollar General will be open for business, which aligns with the City Council goal to bring more businesses here. The City is also working to sell the Rockford Mall to Team Properties who are in a much better position to market retail space in that location.

Developers are actively moving forward with building new houses in Hurst Woods and Parkwood. You will see Laketown Homes putting in roads and utilities in Hurst Woods to accommodate the new homes coming over the next couple years. When we have new families moving into our community, I encourage you to meet your neighbors and welcome them to Rockford. It's important to demonstrate how we care about our residents and work together to make this a great place to live.

Thank you to everyone who participated and volunteered for River Days this year. It was a fabulous weekend to get out and meet your neighbors and people from our surrounding communities. We are thankful to the River Days Committee who have coordinated this weekend event every year since 1981!

Mark your calendars on **October 7th** for our **2nd Annual Rocktoberfest** at Riverside Park! We have an outstanding venue of bands with concession stands of food and refreshments. Admission to the event is free so come on down to the park for some fun and support the Fire Department Auxiliary and Rockford Area Historical Society.

Hope to see you all at Rocktoberfest!

Renee Hafften

Don't flush your disposable wipes

Disposable wipes — used for changing diapers, personal hygiene, housecleaning, and more — cause major problems when flushed down toilets. Because they don't break down the way toilet paper does, these wipes clog homeowner and municipal sewer pipes, put stress on community wastewater collection and treatment equipment, and cause cities to spend thousands on premature equipment repair and replacement. Wipes snag on any imperfection in sewer pipes, catch passing debris and grease, and create a "ball" that will grow to plug the pipe. They also get drawn into sewer-line and wastewater treatment plant pumps and clog and damage them. Municipalities must manually clear out pumps or remove clogs.

Although many brands of disposable wipes are labeled "flushable," don't flush them! The clogs and backups they cause may result in expensive plumbing bills for your home, or increased wastewater fees from your city.

The MPCA regulates many aspects of wastewater collection and treatment in Minnesota. Dealing with wipes-related problems has absorbed more and more city resources as wipes use increases, clogs and equipment problems proliferate. The resources wastewater facilities expend on wipes could be better spent on systems to improve water quality. Put your wipes in the trash - it matters more than you realize!

RG Rockford-Greenfield Area Chamber of Commerce

The chamber invites all the businesses from the surrounding area to join them at their gatherings. www.rgchamber.com
